Aire Heating believes that for the past 30 years. Word-of-mouth advertising from satisfied customers has caused the business to grow over the years and remains the company's most valuable asset. To protect that asset, we insist on industry certification for this company and ethical practices in this business.

Leonard E. Creek (President)

H.I.C. (Home Improvement Council)
Awards Aire Heating
Outstanding Customer
Relations Award for 2005

Carrying only Heil Heating & Cooling Products for over 30 years. If we can not install a Heil then we cannot work for you. Why because we believe this is a very important investment and the equipment you purchase should have outstanding reliability and proven Honeywell Controls. Also a manufacture with excellent warranties and someone that backs the product with one on one Service.

Dan Creek
Vice President
